Sheet: **1/1**

Quality Policy

Power Economy Middle East trusts that:

Quality is not by chance but is always the result of'

- **Intention**
- **Intelligent direction**
- **Efforts**
- **Right techniques**

Power Economy Middle East Co LLC is committed to providing products and services that consistently meet or exceed the requirements established between our customers and us.

Ensure the quality policy and quality objectives are established for the QMS and are compatible with the context and strategic direction of the Company.

All our actions and products shall reflect our endeavor towards customer satisfaction and shall mark symbols for repetitive business.

Our philosophy is to design, manufacture, and supply high-quality products based on clear, realistic requirements while adhering to applicable regulatory and legal requirements and best practices of relevant industry and product standards.

We strive to mitigate adverse effects and enhance positive impacts on the quality of our products and services through systematic measurement & monitoring.

We believe in and support the principles of continual improvement of the QMS (of our process, products, and services); risk-based thinking methods, and corrective actions in all areas of our operation. We seek active support from our employees and external/service providers in achieving the desired goals.

The Quality System will be monitored, measured, evaluated, and enhanced regularly under the top management's ultimate responsibility, with regular reporting and communication of the status and effectiveness at all levels.

Balajee Radhakrishnan
Director
